ad allora, però, sogneranno sempre una

Il fascino dello stile italiano si racconta nella nostra storia.

La differenza tra una maniglia e un semplice pezzo di ottone nasce nel 1986, quando Paolo e Danilo Cali, insieme a Mario Facchetti, fondarono la Linea Cali srl e iniziarono a trasformare delle semplici maniglie in ottone in complementi di arredo a tutti gli effetti.

Un'idea rischiosa ma lungimirante, che rivoluzionò il mondo della maniglieria e le permise di diventare una delle aziende di riferimento nella produzione di "maniglie di stile".

A oltre 30 anni dalla sua fondazione, Linea Cali continua a produrre in Italia seguendo la stessa filosofia, distinguendosi dalla concorrenza e rappresentando nel mondo il simbolo del lusso Made in Italy.

Ora l'azienda guarda al futuro con entusiasmo e fiducia, perché fino a quando le porte non si apriranno con il pensiero... sogneranno sempre una maniglia Linea Cali.

The difference between a handle and a simple piece of brass was born in 1986, when Paolo and Danilo Cali, together with Mario Facchetti, founded the Linea Cali srl and began to transform simple brass handles into furnishing accessories for all purposes.

A risky but far-sighted idea, which revolutionized the world of handles and allowed it to become one of the leading companies in the production of "style handles".

More than 30 years after its foundation, Linea Cali continues to produce in Italy following the same philosophy, distinguishing itself from the competition and representing the symbol of Made in Italy luxury in the world.

Now the company looks to the future with enthusiasm and trust, because as long as the doors will not be operated telepathically... they'll all still dream of a Linea Cali handle.

Produciamo maniglie di lusso impresiosite dagli inimitabili cristalli SWAROVSKI®.

Grazie alla pluriennale esperienza nel mondo del lusso, più di 30 anni fa Linea Cali percepì la necessità da parte dei clienti di possedere collezioni sempre più particolari ed esclusive. Iniziò così a trasformare oggetti di uso comune, le maniglie e i pomelli per mobile, in gioielli dalle mille sfaccettature impreziosendoli con cristalli Swarovski®.

Nati dalla passione per i dettagli e da un taglio di alta precisione, questi preziosi elementi infondono un fascino raffinato a ogni oggetto che impreziosiscono e si riconoscono dal sigillo "Crystals from Swarovski®", che funge da certificato di autenticità per i prodotti decorati con autentici cristalli Swarovski®.

Oggi, dopo oltre 25 anni dal lancio della prima collezione, le maniglie per porte e i pomelli per mobile Linea Cali risplendono con i cristalli Swarovski® negli ambienti più esclusivi e importanti rappresentando l'emblema del lusso più contemporaneo.

Linea Cali è fra le poche aziende al mondo a essere in possesso del certificato Swarovski® che le conferisce il titolo di Ingredient Branding Partners.

Thanks to our many years of experience in the world of luxury, over 30 years ago we sensed our clients' need to possess increasingly unique and exclusive collections. We thus started transforming everyday objects, handles and furniture knobs, into multifaceted jewels adorned with Swarovski® crystals.

Born out of a passion for detail and a high precision cut, these precious elements instill a refined appeal in each object that they adorn and are identified by the seal "Crystals from Swarovski®", that act as an authenticity certificate for the products decorated with authentic Swarovski® crystals.

Today, after over 25 years from the launch of the first collection, the Linea Cali door handles and furniture knobs shine brightly with Swarovski® crystals in the most exclusive and important locations representing the emblem of the most contemporary luxury.

Linea Cali is one of the few companies in the world to be in possession of the Swarovski® certificate which gives it the title of Ingredient Branding Partners.

Perché le maniglie Linea Calì sono più belle delle altre?

5x

**Cromatura a spessore
Thick chrome plating**

**Tocco vellutato
Velvet finish**

**Anti impronta
Fingerprint resistance**

**Garanzia 10 anni
Ten year guarantee**

Il merito non è solo del design italiano, ma anche del particolare processo di finitura che fa la differenza: la cromatura a spessore.

Questo particolare trattamento fa sì che il cromo depositato sia fino a 5 volte superiore rispetto alle cromature standard, garantendo così una lucentezza senza pari a "prova di specchio", una sensazione particolarmente piacevole e vellutata al tocco, e un'elevatissima resistenza (le maniglie Linea Calì sono garantite 10 anni).

It's not just the Italian design but it's also the particular finishing process that makes the difference: the thick chrome plating.

The Linea Calì process of thick chrome plating involves the application of a layer that is 5 times greater than standard chroming. This guarantees an unparalleled brightness and a particularly pleasant and velvety sensation as well as high resistance (Linea Calì handles are covered by a 10 year guarantee).

SmartBlock

Senza il sistema di protezione da furti SmartBlock, è molto facile per i ladri entrare in casa. Prima con un trapano silenzioso praticano un foro nel serramento, poi inseriscono un ferro con una punta girevole, fanno leva sulla maniglia e aprono così la finestra con estrema facilità.

Without the SmartBlock system is very easy for thieves to enter our homes. With a silenced drill they drill a hole in the window frame then they insert an iron rod with a rotating tip which they use to move the handle and open the window with extreme ease.

Con questo metodo in soli 20 secondi un ladro riesce a entrare in casa.

It is estimated that with this method a criminal gains access to a household in just 20 seconds.

Installando le maniglie SmartBlock, grazie al particolare sistema che blocca la rotazione della maniglia, il ladro non riesce a introdursi in casa, evitando così spiacevoli sorprese.

With SmartBlock the thief is unable to open the window because the rotation of the handle is prevented by the security system and so the inhabitants of the house can live serenely and peacefully.

Qualità italiana al 100%

Linea Cali è orgogliosa di garantire la produzione italiana di tutti i prodotti nel rispetto delle più recenti normative Europee in tema di qualità delle materie prime utilizzate, caratteristiche tecniche e resistenza dei trattamenti protettivi delle superfici.

A riprova di ciò ogni articolo che supera con esito positivo i numerosi test di laboratorio, viene "firmato" con il marchio Linea Cali che ne attesta l'autenticità, garantendo così al cliente l'acquisto di una maniglia di alta qualità interamente prodotta in Italia.

Linea Cali garantisce 10 anni i prodotti con finiture cromo lucido o cromo satinato e 20 anni se trattati con il procedimento Zirconium protection (PVD), adatto dove è richiesta una resistenza particolare a causa di difficili situazioni climatiche come salsedine, alta umidità o situazioni di impiego usuranti.

Linea Cali is proud to guarantee that all its products are manufactured in Italy in compliance with the most recent European standards on the quality of the raw materials used, the technical characteristics and the resistance of the surface protective treatments.

As proof of this, each article that successfully passes the numerous laboratory tests is "signed" with the Linea Cali mark that certifies its authenticity, demonstrating that the client has purchased a high quality handle that is produced entirely in Italy.

Linea Cali products with a polished or satin chrome finish are covered by a 10 year guarantee and if they are treated with Zirconium protection (PVD) they are covered by a 20 year guarantee. This treatment is suitable where high resistance is required due to tough climatic conditions such as high humidity and sea salt or situations of strenuous use.

Rosette e bocchette autobloccanti per mercati scandinavi

Linea Cali, sempre attenta alle esigenze del mercato, ha brevettato delle innovative rosette e bocchette coprivite per porte con serrature di standard scandinavo Assa e Boda.

Queste particolari rosette incorporano un sistema antirotazionale costituito da particolari lamelle, che si adattano e aderiscono all'interno del foro praticato nella porta (da $\varnothing 38$ a $\varnothing 42$ mm) e impediscono la rotazione garantendo così un montaggio a regola d'arte, anche e soprattutto nei casi di utilizzo di rosette quadrate.

Linea Cali, always attentive to market requirements, has patented innovative roses and keyholes with screw covers with Assa and Boda Scandinavia standard locks.

These particular roses incorporate an anti-rotation system made up of special strips that fit and adhere to the inside of the hole made in the door (from $\varnothing 38$ to $\varnothing 42$ mm) and prevent rotation, thus ensuring a perfect installation, especially when square roses are used.

Sistema montaggio ultra rapido Click-clack

L'innovativo sistema di montaggio ultrarapido click-clack, grazie a un particolare sistema di fissaggio, permette a chiunque di montare in pochi istanti una maniglia senza la necessità di utensili o viti.

The click-clack innovative ultra-rapid mounting system, thanks to a particular fixing system allows anyone in just a few minutes to mount a handle without the use of tools or screws.

Ispirata alle più grandi opere di Mondrian, Kandinsky e Pollock, la collezione Brera eleva la forma, le linee e i colori grazie al concetto di astrazione, dichiarando la propria "fisicità" solo in alcune sue caratteristiche.

Inspired by the greatest works of Mondrian, Kandinsky and Pollock, the Brera collection elevates form, lines and colours thanks to the concept of abstraction, declaring its "physical" nature in just a few of its characteristics.

Soleil

La sontuosità e i fasti del Re Sole vengono evocati da raffinatissimi rilievi ornamentali in stile Luigi XIV, ottenuti grazie alla tecnica dell'intarsio del quale ne era maestro l'ebanista francese André-Charles Boulle.

The wealth and magnificence of the Sun King are evoked by refined ornamental embossments in the Louis XIV style, obtained thanks to the inlay technique of which the French cabinet-maker André-Charles Boulle was a master.

rosetta ribassata reduced rose

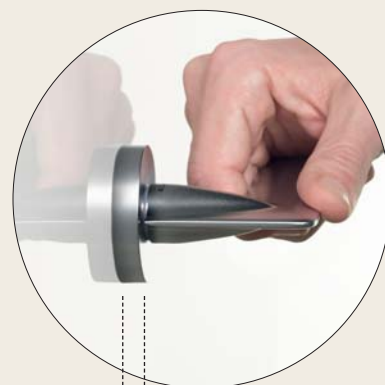

Per venire incontro alle ultime tendenze stilistiche, Linea Cali ha dato letteralmente un taglio alle rosette e bocchette tradizionali valorizzando così il design di ogni maniglia.

To meet the latest trends in design, Linea Cali has literally cut the size of traditional roses and escutcheons thus giving more value to the design of every handle.
