COMPANY PROFILE

MANDELLI1953 progetta e realizza da sessant'anni maniglie e coordinati per l'arredamento in ottone di eccellente qualità, avvalendosi della creatività del suo qualificato *centro stile*; il risultato è un prodotto altamente affidabile e di elevato valore estetico, interamente lavorato in Italia.

La continua attività di ricerca, lo sviluppo di nuove tecnologie e il design sempre innovativo, pongono MANDELLI1953 tra le aziende leader nel settore, su territorio nazionale e internazionale, permettendole di esportare nel mondo non solo il manufatto, ma l'intera cultura del "saper fare" italiano.

MANDELLI1953 distribuisce i propri prodotti in Italia e in oltre 70 Paesi del mondo, attraverso una rete di distributori, contract, aziende produttrici di porte e finestre e show-room di arredamento; partner che apprezzano il design e la qualità italiani come anche l'attenzione che MANDELLI1953 pone per soddisfare le peculiarità di ogni mercato, declinandole in proposte di specifici modelli e finiture.

MANDELLI1953 has been designing and manufacturing cast brass door handles and accessories of very high quality for almost sixty years, thanks to the creativity of its style department; the result is a very reliable product with a high aesthetic value and entirely manufactured in Italy.

Continuous research, new technologies and always innovative design position MANDELLI1953 among the world leaders in the industry, in the domestic and foreign markets, where it is not only a product to be exported, but above all the culture of the Italian "know-how-to-do-it".

MANDELLI1953 delivers its products in Italy and to more than 70 Countries all over the world thanks to a network of retailers, contract furnishing, door and window producers and furniture show-rooms, which appreciate both the Italian design and quality and the attention that MANDELLI1953 pays to each peculiar market by proposing special models and finishes.

100% MADE IN ITALY

MANDELLI1953 vuol dire ricerca, innovazione, prodotto e servizio. Professionalità e creatività si fondono per creare soluzioni all'avanguardia, sia nel contenuto che nella forma, in grado di migliorare la qualità degli ambienti in cui viviamo.

MANDELLI1953 crede profondamente nel "MADE IN ITALY" come espressione del talento creativo e dell'ingegno produttivo, tipicamente italiani ed apprezzati in tutto il mondo.

Massima è l'attenzione dedicata ai materiali impiegati. L'ottone, italiano e di primissima qualità, è fuso e stampato nello stabilimento in Brianza.

Tutti i processi di rifinitura e di controllo che precedono l'imballaggio sono eseguiti con la cura e la dedizione che gli italiani sanno dare. Per questi motivi MANDELLI1953 marca tutti i suoi prodotti con il logo "100% MADE IN ITALY", come previsto dall'art. 16 del decreto legge n.135 del 25 settembre 2009.

MANDELLI1953 non esporta nel mondo solo un manufatto, ma una cultura dell'oggetto realizzato ad arte, un gusto derivato da antiche tradizioni italiane di altissimo artigianato che negli anni ha saputo crescere e utilizzare le migliori tecnologie.

A garanzia dell'originalità del manufatto, MANDELLI1953 invita ad accertarsi della presenza del marchio su ogni maniglia.

MANDELLI1953 means product research, innovation, product and service. Professionalism and individual creativity meet to create innovative solutions in the product and in the look, so to improve the quality of the environment where we live.

MANDELLI1953 deeply believes in "Made in Italy", expression of the Italian talent and manufacturing hard work, appreciated all over the world.

Top attention is focused on the materials. First grade Italian brass, melted and cast in the Besana in Brianza facilities. Finishing and inspecting the product before packaging is carried out with the care and the attention that Italians very well know.

That is why MANDELLI1953 marks all the products with the "100% MADE IN ITALY" logo, in accordance with article no. 16 of the decree no. 135 of 25th September 2009.

MANDELLI1953 does not only export a product to the world, but a culture for state of the art objects, a taste inherited from old Italian traditions of skilled craftsmanship that has constantly improved by using the best available technology during the past years until now.

MANDELLI1953 invites to always check the presence of the logo on the handles as proof of authenticity.

RICERCA *research*

Sessanta anni di storia sono un patrimonio di sapienza artigianale e capacità preziose, che MANDELLI1953 capitalizza facendone tesoro per guardare al futuro con lo spirito del primo giorno. Quello che spinge l'azienda a spostare sempre un gradino avanti i propri traguardi, che fa produrre nuovi modelli tecnologicamente all'avanguardia e che stimola a considerare sempre nuove sfide.

In ogni fase della filiera produttiva, dallo stampaggio alla smerigliatura, dalla lucidatura alla marchiatura, la forza dell'esperienza e il coraggio dell'ambizione danno vita ad un prodotto che è molto più di un complemento di arredo: è una filosofia, un'idea imprenditoriale, un modo di concepire il lavoro.

Lo stile di MANDELLI1953.

Throughout six decades MANDELLI1953 has built a heritage of handcraftsmanship and precious abilities still used today, feeling confident about the future with the same spirit of the very first day.

This is the power that drives the company to reach higher, to produce new high tech models and to accept new challenges.

All along the producing chain, no matter if forging, polishing or branding, the power of experience and the courage of ambition give birth to a product, which is much more than a simple furnishing accessory: it is a philosophy, a business idea, a way of conceiving work. The style of MANDELLI1953.

DETTAGLI DI STILE

flat design

La cura nella progettazione di un oggetto si misura con l'attenzione riservata ai dettagli.

Spesso sono i particolari unici a fare la differenza tra un buon prodotto e un manufatto di livello superiore. Come le rosette e le bocchette di spessore ridotto (6 mm), disponibili per tutti gli articoli delle collezioni DESIGN e CONTEMPORARY. Componenti che non necessitano di lavorazioni aggiuntive sulla porta e che hanno richiesto uno studio mirato da parte del centro ricerca MANDELLI1953, per coniugare forma e funzione senza compromessi.

The quality of the design in a product can be measured with the care for details.

Exclusive details are often the unique features which make the difference between a good and a high-grade product. Like the roses and the escutcheons with reduced thickness (6mm) available for all items of the DESIGN and CONTEMPORARY collections. These parts don't need additional work on the doors and required a specific study by the research department of MANDELLI1953 to find a balance between form and function, with no compromises.

DK FLAT *flat drehkipf system*

MANDELLI1953 propone, su alcuni modelli, l'innovativo meccanismo ribassato per la martellina DK (6 mm).

Come in ogni maniglia MANDELLI1953, il movimento delle martelline è composto esclusivamente da elementi metallici; le parti mobili sono rivestite da una particolare nichelatura che forma un substrato antifrizione uniforme, resistente ad usura e corrosione.

Il movimento è stato testato nei nostri laboratori, con i criteri della norma RAL-RG 607/9. La norma prevede almeno 10.000 cicli di utilizzo: le nostre martelline hanno superato i 16.000 cicli, paragonabili ad oltre 10 anni di utilizzo.

MANDELLI1953 proposes, on selected models, the new lowered mechanism for the DK system (6mm).

Like for any other handle by MANDELLI1953 the mechanism is exclusively made of metallic components. The moving parts are coated with a special nickel finish, which creates a uniform friction-free layer, resistant to wear and corrosion.

The movement was tested in laboratory according to RAL-RG 607/9 norms. While the standard requires at least 10.000 turns, the handles by MANDELLI1953 recorded over 16.000 turns, corresponding to more than 10 years of normal usage.

DK DI SICUREZZA *security DK-lever-system*

Solo ottone e acciaio. Niente plastica, né altri materiali più facilmente soggetti all'usura del tempo.

I sistemi di sicurezza delle maniglie MANDELLI1953 sono fatti per durare per sempre. E in più sono invisibili: i pulsanti di blocco alla rotazione sono collocati discretamente sul retro dell'impugnatura, per non alterare la lineare bellezza del prodotto.

La sicurezza, sia dall'interno che dall'esterno, non sacrifica la funzionalità: il sistema è ergonomico e facile da azionare per un adulto. Basta una leggera pressione sul tasto per sbloccare la rotazione e azionare la maniglia. Semplice e immediato, come ogni prodotto ben fatto.

Il DK magnetico di sicurezza è disponibile su piastra ovale solo sui modelli LINK e START.

Only brass and steel. No plastic or any other short-living material.

The security systems of the handles by MANDELLI1953 are made to last forever. And they are also invisible: the buttons to lock the rotation are discretely located on the back of the handle not to disturb the product look.

Security (both inside and outside) and functionality: the system is ergonomic and easy to use.

A light pressure on the button is enough to unlock the rotation and use the handle. Easy and quick like every high-quality product.

The magnetic security DK-lever-system is available for oval plates only for LINK and START items.

FINITURE

finishes

L'eleganza dell'oro o la moderna brillantezza del cromo. Gli effetti antichizzati o le raffinate satinature.

MANDELLI1953 offre un ventaglio di finiture che permette a ciascuno di scegliere la maniglia più adatta al proprio gusto e allo stile dell'abitazione.

The elegance of gold or the modern brightness of chrome. The antique effect or the refined satin.

MANDELLI 1953 offers a range of finishes suitable for everyone's taste and home style.

The AB, IB and 28 finishes might not be uniform.

FLUXCOATING

vitrified

Si può migliorare un materiale già eccellente? Il centro ricerca MANDELLI1953 ne è convinto; ecco perché è stato messo a punto il sistema FLUXCOATING VITRIFIED, un rivestimento capace di migliorare le qualità estetiche dell'ottone e di mantenerle inalterate nel tempo.

Il processo consiste in una serie di interventi preparatori del prodotto e nel successivo rivestimento con speciali resine. Il risultato è un'impareggiabile resistenza agli agenti atmosferici, agli urti ed alle abrasioni.

Il trattamento FLUXCOATING è applicato alle finiture MBR (brunito opaco), MSN (nickel satinato opaco), AB (brunito antichizzato), 28 (argento vecchio).

Is it possible to improve an already perfect material? The research department of MANDELLI1953 is sure about that; that is why the FLUXCOATING VITRIFIED system, a protective treatment to enhance the brass appearance and preserve it for a long time, has been developed.

Through various product pre-treatments and this coating with special resins, a very high resistance to weather conditions, shocks and abrasion is obtained, whilst the natural shiny look of the polished brass remains unchanged.

The FLUXCOATING treatment is available for the following finishes: MBR (mat bronze), MSN (mat satin nickel), AB (antique bronze), 28 (antique chrome).

PVD

physical vapor deposition

Un ulteriore trattamento applicabile ai prodotti MANDELLI1953 è il rivestimento PVD che presenta ottimi risultati di resistenza all'abrasione, alla corrosione e tenuta del colore nel tempo, anche in ambienti esterni e pubblici.

Elevate sono le caratteristiche tecniche:

- resistenza al test di stabilità alla luce solare UNI 9337 senza alcuna variazione oltre le 1000 ore;
- ottimi risultati in nebbia salina secondo le norme UNI ISO 9227 di resistenza al CASS e al AASS;
- elevata durezza superficiale ASTM B578-93 di 2600 ÷ 2800 HV (un normale riporto di cromo galvanico ha durezza 800 HV);
- perfetta aderenza al pezzo superando il test UNI ISO 4524-5;
- resistenza ad acidi e alcali come acido cloridrico, solforico, cianuri ecc.

Il trattamento PVD è disponibile per i modelli contrassegnati dal simbolo dedicato, solo sulle versioni rosetta/ bocchetta e nelle varianti ORO e CROMO INOX.

An additional treatment can be applied to the products by MANDELLI 1953, the PVD coating, that makes them very resistant to abrasion, corrosion and bleaching, suitable also for outdoor and public places.

The technical features of the treatment are remarkable:

- *the bleaching resistance test shows no alteration even after a 1000 hour test, according to UNI 9337 norms;*
- *high performances for the resistance test to CASS and AAS according to UNI ISO 9227 norms in salty fog chamber;*
- *very high surface hardness according to ASTM B578-93 norms of 2600 ÷ 2800 HV (standard chrome plated product shows a 800 HV value);*
- *perfect adhesion, overpassing UNI ISO 4524-5 norms;*
- *resistance to acids and alkalis (chloridric, sulphuric, cyanide etc...).*

PVD treatment is available for the models showing the relevant symbol, only for rose/ escutcheon version and for the GOLD and CHROME INOX finishes.

CERTIFICAZIONI *certificates*

MANDELLI1953 ha ottenuto presso l'Istituto IFT Rosenheim, organismo che assicura un prestigioso riconoscimento a livello europeo, le seguenti certificazioni:

EN 1906 : 2010: classificazione 47-0040B, una nuova certificazione europea che testa la durata e la resistenza all'usura e alla corrosione di maniglie e pomoli, collocando i prodotti nella fascia più alta (classe 4).

EN 1670 : 2007: un documento che colloca i prodotti MANDELLI1953 in classe 4, la più alta classe di resistenza alla corrosione (240 ore in nebbia salina).

MANDELLI1953 obtained the following certificates at the IFT Rosenheim Institute, an institution that guarantees a prestigious European recognition:

EN 1906 : 2010: class 47-0040B, a new European certificate testing durability, static strength and corrosion resistance for lever handles and knobs, obtaining category of use class 4.

EN 1670 : 2007: this certificate gives MANDELLI 1953 the highest quality level (class 4) regarding resistance to corrosion (240 hours in salty fog chamber).

GARANZIE *warranties*

MANDELLI1953, grazie alla qualità dei materiali impiegati ed all'elevata tecnologia di produzione, offre sui propri prodotti una speciale garanzia.

Il periodo di garanzia viene esteso, a decorrere dalla data di acquisto, in base alle finiture.

- 26 – 26D: 4 anni;
- Fluxcoating (MBR, AB, 28, MSN): 5 anni;
- PVD: 30 anni.

La garanzia prevede, a discrezione di Officine Mandelli srl, la riparazione o la sostituzione gratuita del prodotto considerato difettoso entro il periodo di garanzia.

MANDELLI1953, thanks to the high-quality of the materials and the new technologies in production, gives a special warranty on its products.

Warranty terms have been extended, departing from the date of purchase, according to the finishes as follows:

- 26-26D: 4 years;
- Fluxcoating (MBR, AB, 28, MSN): 5 years;
- PVD: 30 years.

Warranty provides, at discretion of Officine Mandelli srl, the repair or the replacement of defective product free of charge, during warranty period.

Qualora il prodotto sia stato nel frattempo eliminato dalla produzione, Officine Mandelli srl potrà, a sua discrezione, decidere se sostituire la merce difettosa con prodotti simili o se rimborsare il costo originario dei prodotti.

L'accertamento delle cause, delle responsabilità e la presenza di eventuali vizi di produzione sarà ad insindacabile giudizio di Officine Mandelli srl.

Le spese di invio del campione per tale valutazione sono a carico dell'acquirente.

Accertata la responsabilità di Officine Mandelli srl ed il rispetto dei termini di garanzia, le spese di invio di ulteriore materiale e la restituzione degli stessi riparati o in sostituzione saranno a carico di Officine Mandelli srl. Officine Mandelli srl non sarà in alcun caso responsabile per i costi relativi all'installazione, riparazione e sostituzione come di danni o perdite lamentate.

esclusione di garanzia

La garanzia decade immediatamente al verificarsi di uno dei seguenti casi:

- utilizzo improprio o non adeguato all'uso specifico;
- utilizzo su porte non interne (ad eccezione del PVD);
- mancata osservanza delle istruzioni di montaggio o manutenzione;
- modifiche o riparazioni effettuate in proprio;
- reazioni chimico/fisiche dovute all'utilizzo di oggetti taglienti e/o abrasivi o di prodotti acidi/corrosivi.

La pulizia dei nostri prodotti richiede esclusivamente un panno inumidito in acqua.

Should any product become discontinued, Officine Mandelli srl reserves the right to replace it with similar product or to refund original purchase cost.

Determination of causes, responsibilities and presence of manufacturing defects will be at discretion of sole Officine Mandelli srl. Dispatch cost for this evaluation will be at purchaser charge.

Once verified Officine Mandelli srl responsibility and warranty terms compliance, other costs as additional material dispatch and its return back to client, will be at Officine Mandelli srl charge. Officine Mandelli srl will not be liable in any case of installation, repair and replacement costs as of loss or damages.

warranty exclusion

Warranty will expire in any of following cases:

- improper or unsuitable use;
- external doors use (except for PVD);
- failure to comply with installation or maintenance instruction;
- homemade modifications or repairs;
- chemical / physical reaction caused by sharp and/or abrasive objects or by acidic / corrosive products.

To clean our products we suggest the use of a moist cloth only.

CON- TEMPPO- RARY

Sobrietà, eleganza, affidabilità: tre valori che la collezione Contemporary incarna in una serie di maniglie belle e pratiche, robuste e appaganti, dal look fresco e fatte per durare.

Simplicity, elegance, reliability: three values of the collection Contemporary, made up of beautiful and practical handles, solid and gratifying, with a fresh style and made to last.

CLAS- SIC

Il gusto intramontabile della tradizione, abbinato ad un'alta sapienza artigianale, fa di queste maniglie il complemento perfetto per gli spazi che evocano ricordi senza tempo, reinterpretati in chiave moderna.

The everlasting scent of tradition matched to a high knowledge in craftsmanship. These handles are the perfect complement for places evoking timeless memories reinterpreted in modern style.

TUS- CANY

Il fascino elegante delle dimore di campagna, evocato da finiture brunate e linee morbide che ricordano gli elementi della natura.

The elegant charm of country mansions evoked by the antique finishes and the smooth lines that recall natural elements.

Il catalogo e i prodotti sono soggetti ad aggiornamenti.

Le colorazioni e le raffigurazioni visibili sul catalogo hanno valore puramente indicativo e possono presentare leggere differenze dal prodotto originale in quanto riportate con un procedimento di stampa.

Eventuali discordanze tra prodotto finito e rappresentazione non costituiscono motivo di reclamo, essendo l'ordine effettuato l'unico parametro di riferimento.

Modelli e marchi depositati.

Tutti i diritti riservati ©Officine Mandelli s.r.l.

Catalogues and products are subject to improvements.

Colors and pictures in the catalogue are not binding and may slightly differ if compared with the true product since they are obtained by a printing process.

Possible differences between ready-made product and its representation cannot cause any complaint, since the purchase order is the only binding reference document.

Models are trade-marks registered.
