Una storia che dura dal 1990

Passion since 1990

Fondata nel 1990, Etrusca Italia è oggi una realtà consolidata, la cui professionalità, impegno e qualità consentono all'azienda di essere presente su mercati di alto livello di design del bagno, sia italiani che esteri.

Una delle nostre priorità è la continua ricerca di nuovi prodotti che possano, ancora di più, soddisfare la domanda dei nostri clienti: il continuo desiderio di migliorare noi stessi e l'attenzione che Etrusca Italia riserva ai nuovi metodi di produzione e distribuzione, valorizza la Società ed offre solide basi per il futuro.

Established in 1990, Etrusca Italia is today a consolidated reality, whose professionalism, commitment and quality allow the Company to be present on high-level markets of bathroom design, both Italian and foreign. One of our priorities is the continuous research for new products that can, even more, satisfy the demand of our customers: the continuous desire to improve ourselves and the attention that Etrusca Italia reserves to new methods of production and distribution, enhances the Company and offers solid foundations for the future.

Il Made in Italy
una prerogativa irrinunciabile

The Made in Italy
an indispensable prerogative

Il complesso dei vari processi di produzione che trasformano il prodotto nel risultato finale, sono la traduzione fisica dell'esperienza delle persone che lo hanno pensato, disegnato e realizzato. Su tutti questi aspetti incide indubbiamente la locazione geografica a garanzia di un processo produttivo, in ogni suo dettaglio, internamente realizzato nel territorio Italiano e, soprattutto, Toscana. All'eccellenza italiana, ETRUSCA ITALIA aggiunge il continuo desiderio di stupire il mercato attraverso l'utilizzo di sistemi di produzione innovativi e ricerca di materiali particolari per la realizzazione dei propri prodotti. Completamente progettati nei propri stabilimenti, i nostri articoli sono il risultato di una passione, dedizione, perseveranza che orgogliosamente portiamo avanti dall'ormai lontano anno 1990.

The complex of the various production processes that transform the product into the final result, is the physical translation of the experience of the people who thought, designed and built it. On all these aspects there is undoubtedly a geographical location to guarantee a production process, in every detail, internally realized in the Italian territory and, above all, in Tuscany. To the Italian excellence, ETRUSCA ITALIA adds the continuous desire to amaze the market through the use of innovative production systems and research of particular materials for the realization of its products. Completely designed in our facilities, our articles are the result of a passion, dedication, perseverance that we proudly carry on since the old 1990 year.

MADE IN ITALY - TUSCANY

La produzione della nostra azienda, non solo viene svolta interamente nel territorio Italiano, ma specialmente nella regione Toscana, terra di tradizioni radicate nel tempo che si armonizzano perfettamente con lo stile dei nostri prodotti.

Production of our Company, not only is entirely carried out in Italian territory, but especially in Tuscany region, a land of traditions rooted in time that perfectly harmonize with the style of our products.

UN MONDO DI COLORI A WORLD OF COLOURS

Una peculiarità della nostra azienda riguarda l'utilizzo di finiture all'avanguardia e di tendenza nel mercato dell'arredobagno: in particolare, Etrusca Italia usa, per alcune delle sue collezioni, smalti da gioielleria, che impreziosiscono il prodotto e ne esaltano le caratteristiche di esclusività e particolarità.

A peculiarity of our Company concerns the use of cuttingedge and trendy finishes in the market of bathroom furniture: in particular, Etrusca Italia uses, for some of its collections, jewelery glazes, which embellish the product and enhance the characteristics of exclusivity and particularity.

UNO STILE A 360 GRADI A 360° DEGREES STYLE

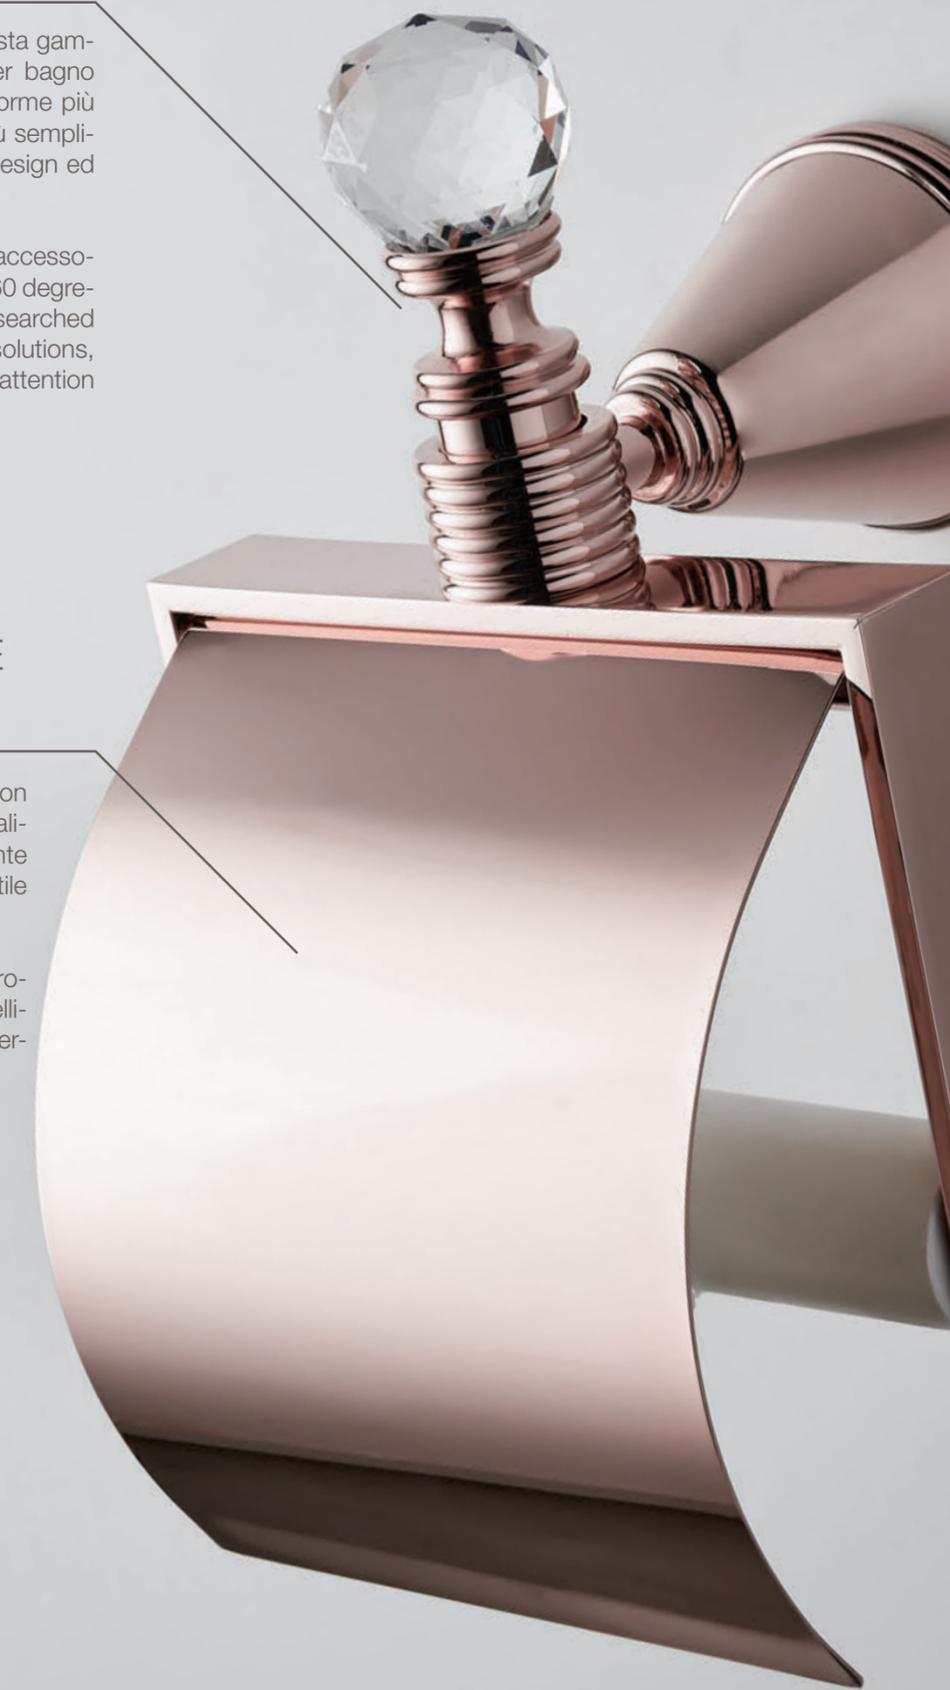

La nostra Azienda è in grado di offrire una vasta gamma di accessori, complementi e specchi per bagno a 360 gradi, dal classico al moderno, dalle forme più ricercate a quelle più comuni per soluzioni più semplici, senza mai rinunciare però alla qualità, al design ed all'attenzione per il consumatore finale.

Our company is able to offer a wide range of accessories, complements and bathroom mirrors at 360 degrees, from classic to modern, from the most researched forms to the most common ones for simpler solutions, without renouncing to quality, design and to attention for the final consumer.
