One single element

Our FOLD collection by Tord Boontje differs fundamentally from traditional models in the way it innovatively blends the classic components of a door fitting — rosette, neck, and handle — into one single element. This is achieved thanks to an astute system with mounting akin to a bayonet system. The result is a door handle that appears to float elegantly on the door.

Eén enkel element

Onze FOLD collectie by Tord Boontje onderscheidt zich van traditionele modellen door de innovatieve manier waarop de klassieke componenten van een deurkruk — rozet, hals en greep — in één enkel element zijn samengevoegd. Door een slim systeem dat in de montage vergelijkbaar is met een bajonetsysteem zweeft de deurkruk als het ware sierlijk op de deur.
