## Gensler

“Based on the transition from something lighter to something more solid, the flowing cutaways allow the thumb and fingers to engage in a uniquely comfortable way, affording a better grip and making opening and closing easier.”

**From light  
to more  
solid**

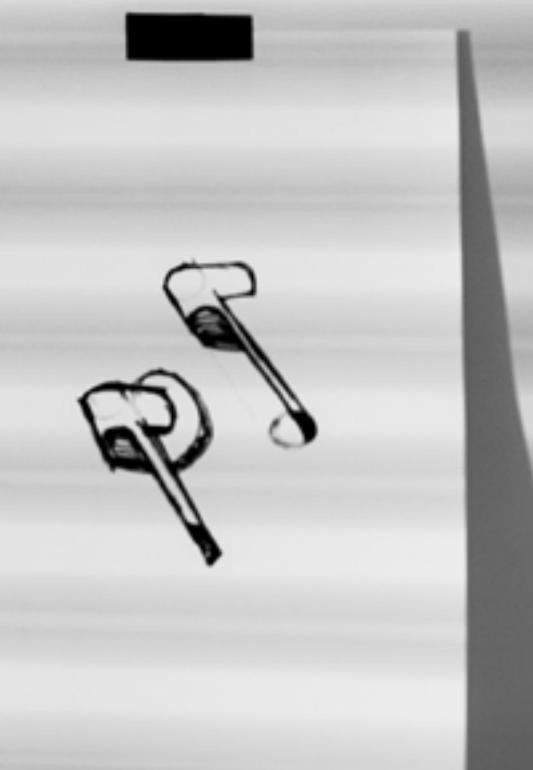

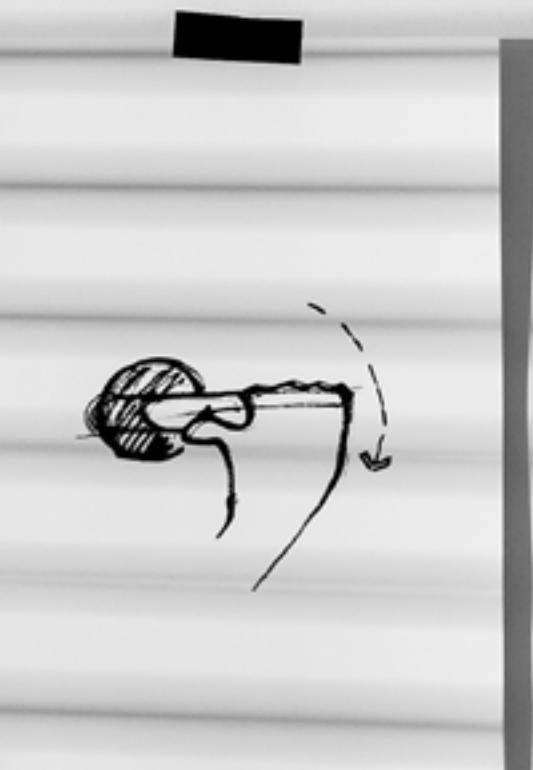

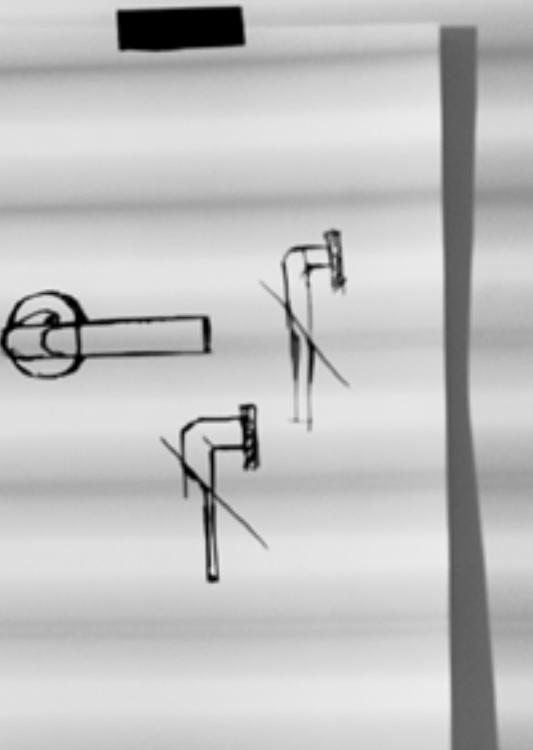

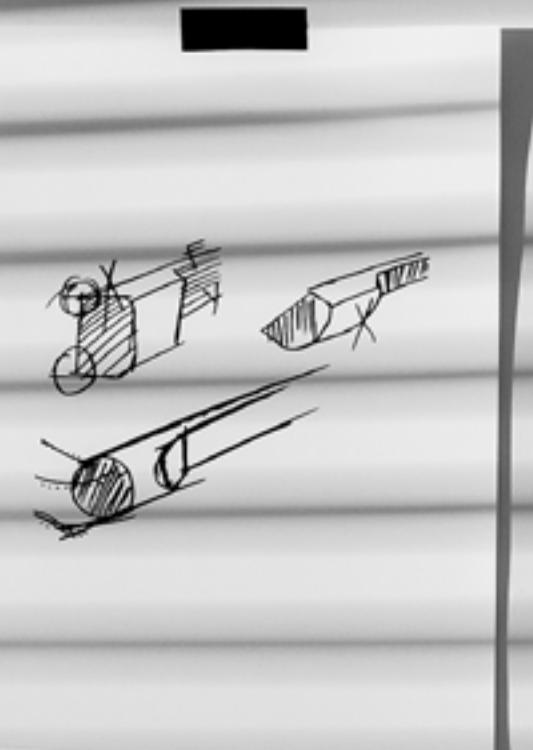

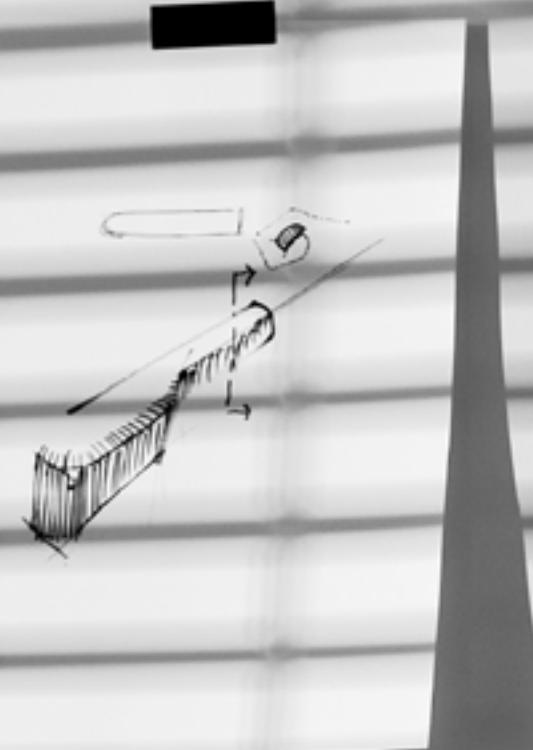

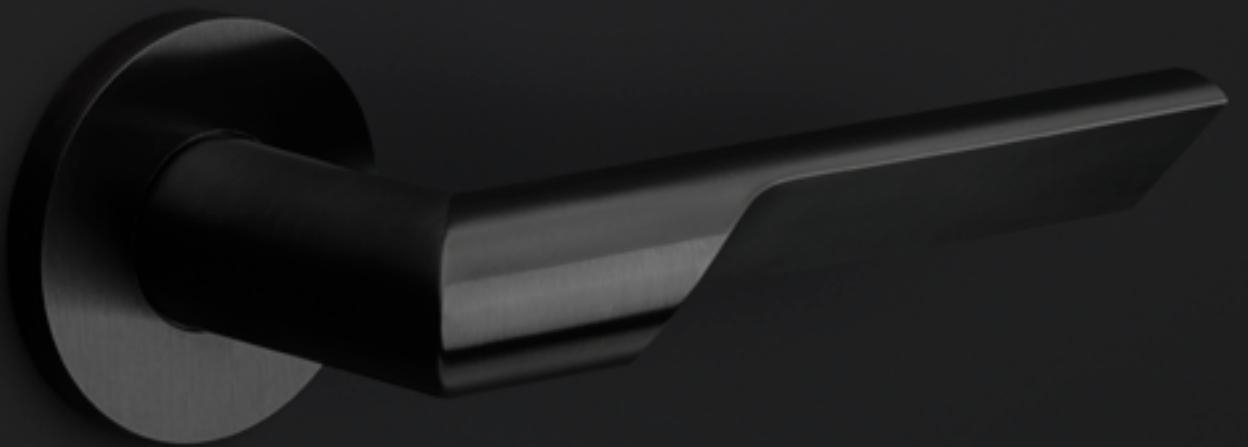

## Ergonomics and elegance

Transition was the watchword for Gensler when designing RIVIO. Based on the transition from something lighter to something more solid, the flowing cutaways allow the thumb and fingers to engage in a uniquely comfortable way, affording a better grip and making opening and closing easier. Carved through the centre of its circular section, the handle continues its way back to the whole at a gentle incline. Ergonomic and elegant, it's offered in two variants, with either a curve or a 90-degree angle leading to the neck and rose.

## Ergonomisch en elegantie

Transitie was het sleutelwoord voor Gensler bij het ontwerpen van RIVIO. In dit geval de overgang van iets lichts naar iets massiefs. De vloeiende uitsparingen zorgen ervoor dat duim en vingers de deurkruk op een unieke maar comfortabele manier omsluiten, wat zorgt voor een betere grip en daarmee het openen en sluiten vergemakkelijkt. De inkeping die het handvat in het midden van het cirkelvormige gedeelte doorsnijdt, vervolgt zijn weg met een lichte helling terug naar het geheel. Ergonomisch en elegant, verkrijgbaar in twee varianten: met een curve en met een hoek van 90 graden richting nek en rozet.

# A divine feeling

Restaurant Ambrozijn offers a fine-dining experience in a former Protestant church built in 1891. After being damaged by fire in 2018, this national monument was renovated from top to toe. Design firm Ontwerpstudio Reiters drew the interior design and combined the brick walls, leaving the burn marks visible, with soft materials to accentuate the contrast as much as possible. This is enhanced by RIVIO's distinctive mix between solid and light. The robust look and high-quality finish also blend seamlessly with the high-end interior.

Restaurant Ambrozijn biedt een fine dining ervaring in een voormalige protestantse kerk uit 1891. Na een brand in 2018 werd dit Rijksmonument volledig gerenoveerd. Ontwerpstudio Reiters tekende voor het interieurontwerp en combineerde de ruwe muren met brandsporen met zachte materialen voor maximaal contrast. RIVIO's kenmerkende mix tussen massief en licht complementeert dit. Bovendien sluiten de krachtige uitstraling en hoogwaardige afwerking naadloos aan op het high-end interieur.
