

Italian Products by Salice Paolo

La Salice Paolo, azienda nata intorno al 1930, ha sempre operato nel campo dell'ottone. All'inizio della sua attività si è specializzata nella produzione di articoli di arredamento e nell'ultimo ventennio anche in quella di maniglie per infissi. In linea con questo spirito in continua evoluzione la Salice Paolo è ora in grado di offrire sotto il marchio "Kalôs" una serie completa di accessori da bagno, riuscendo come non mai ad affiancare sistemi produttivi altamente tecnologici all'accuratezza del prodotto e delle finiture, frutto di lavoro artigianale che da sempre l'ha contraddistinta.

The company "Salice Paolo", born in the 1930, has always worked with articles in solid brass. At the beginning of business the production was above all articles for furniture; later on it increased activity manufacturing high quality handles for fittings and furniture decorations. Nowadays the Salice Paolo has developed the production of handles, has improved the productive proceeding with high technology system, reaching the goal of good quality and functionality, never forgetting the handiwork manufacturing. Kalôs is the new trade mark of Salice Paolo company, and it is the result of a spirit in evolution. The intent of Kalôs is to propose a production of bath-accessories as something different from Salice's range, always with an excellent quality...

Calliope Collection

design: Centro Ricerche Salice

Ispirata a uno stile classico rivisitato, la nuova collezione “Calliope” caratterizzata dall’eleganza e dal disegno floreale della bocchetta in accordo con la geometria delle linee, conferisce fascino e personalità nell’arredo del bagno. Ogni singolo pezzo è realizzato con materiali e finiture di qualità. Rigoroso il controllo del processo produttivo che presta attenzione al rispetto dell’ambiente.

Inspired by a revisited classic style, the new “Calliope” collection is characterized by the elegance and the flowery design of the escutcheon, perfectly matching the geometry of its lines.

It grants a special appeal and personality to the bath furnishings, thanks to the high quality materials and finishing touch of every single piece.

The production process quality check is strict as well as environment friendly.
